

A hand wearing a watch is shown in silhouette, casting a white ballot into a dark ballot box. The background is white, and the bottom of the image features a decorative wavy border in light blue, orange, and dark blue.

It's Your Turn to BE **HEARD**

Make a difference with your vote
for the 46th Congressional
District Representative

Did you know Republicans make up only **21** % of the 46th District?

BE DIFFERENT

Most people just vote along party lines. That's the way it's been for 20 years in this district, and why there is no real change. With only 21%, Republicans are throwing away their vote - and voice - with a party line vote.

CREATE CHANGE

Voting neither Republican nor Democrat tells Congress that you're not happy with the job they're doing. Vote for me, an Independent who is just like you - working for a living with no sponsorship or agenda. In 2018, I received more than 2,000 votes without any advertisement or sponsors. With your support, we can create change!

MAKE A DIFFERENCE

It's time we had a choice - for the first time in 20 years - with someone other than a Democrat on the ballot. The stressful truth is that it means nothing to vote Republican in this district. The only way to accomplish change is to vote for someone new - someone independent; vote for me!
